PROFESSIONAL EXPERIENCE

Convert Recruiting – *Real Estate & Mortgage Talent Sourcing / Enterprise Solutions*
Data Specialist & Technical Project Lead (Contract) - *Remote (Guatemala City, GT)* *Aug. 2026 - Nov. 2026*

◆ Architected a Google Gemini AI pipeline to synthesize Model Match, MMI, and NMLS candidate data, cutting note eneration time by up to 87% (3 mins to 30 secs) and automating candidate pre-qualification. View Case Study
◆ Governed Human-in-the-Loop (HITL) QA workflows for partners scaling to $48B in production, using verification checks to ensure CRM data integrity and recruiter review before updates.

Correlation One (C1) – *Amazon Career Choice Partner / Data Analytics (DA) with Excel, SQL, and Python*
DA Fellow Intern > DA Teaching Assistant / Stats Co-Lead / Curriculum Developer - *Remote* *May 2022 - Jul. 2023*

◆ Co-orchestrated C1's first statistics course covering regression, hypothesis testing, and EDA; focused on data-driven storytelling and stakeholder engagement through real business case analysis.
◆ Delivered a Top 10% Capstone Project featuring a comprehensive research report, data folio, and live Tableau dashboard. View Project Ruby
◆ Architected "Project Ruby" automated grading systems and documented phase procedures, streamlining evaluation workflows and accelerating assessment turnaround times.

Amazon.com, Inc. – *Key for Business (KfB) / Ring*
Technical Customer Solutions Analyst / Project Operations Specialist - *Las Vegas, NV* *Oct. 2020 - Aug. 2022*

◆ Spearheaded strategic white paper initiatives to synthesize cross-product customer friction points, delivering actionable, high-integrity insights to C-suite stakeholders including Jamie Simenoff.
◆ Unified technical support knowledge bases in Confluence, earning an Amazon Accolade for process optimization and significantly reducing onboarding times for new team members. View White Paper
◆ Built a cross-department search tool utilizing Excel and SharePoint internal tooling that reduced audit time and errors by 90% across CS and Quality teams.

TELUS Digital – *Various Google Programs*
Operations Team Supervisor / Project Lead - *Guatemala City, GT / Las Vegas, NV* *Nov. 2014 - Sept. 2020*

◆ Orchestrated cross-functional QA improvement initiatives, aligning a 250+ member organization with critical quality metrics.
◆ Researched Google Play's phone survey system, uncovering data integrity flaws and standardizing bonus structures to ensure fair compensation aligned with validated performance (boosting survey transfer rates from 37% to 68%). View Case Study
◆ Led a Google Pay Lean Six Sigma initiative, boosting CSAT KPIs by 4% (86% to 90%) across a 65+ member team through streamlined in-app photo verification resolution protocols.
